Step 13: Medium-fidelity prototype

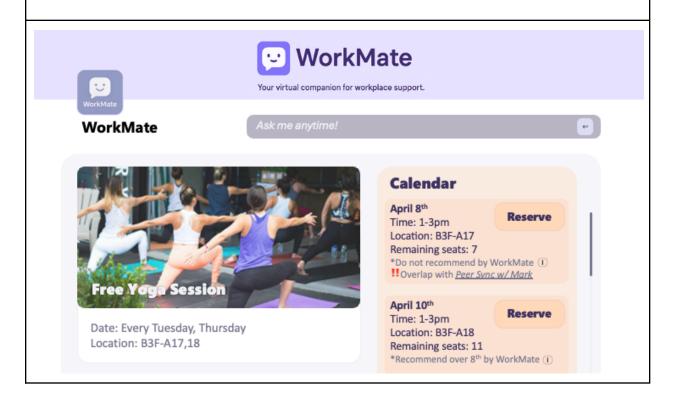

*Recommend over 8th by WorkMate (1)

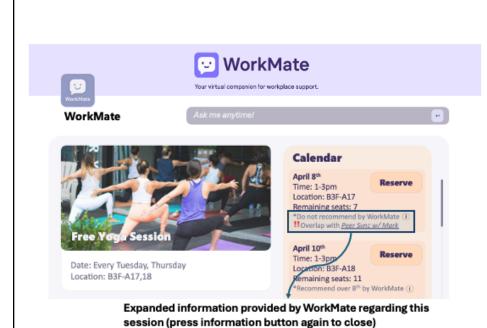

Screen 3: Specific Resource Page

This screen appears after clicking the Reserve button or directly clicking the corresponding resource widgets. It shows information and reservation options for each available resource.

The page includes a banner, logo, slider, input bar, and 2 panels. The first panel features basic information about the resource, and the second panel shows reservation options with different sessions and buttons to either expand information or make a reservation.

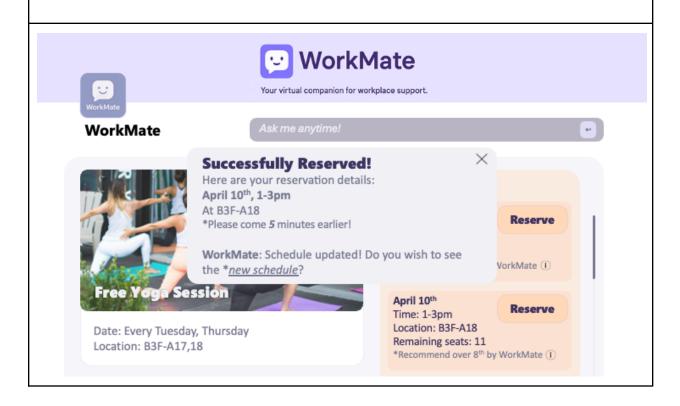

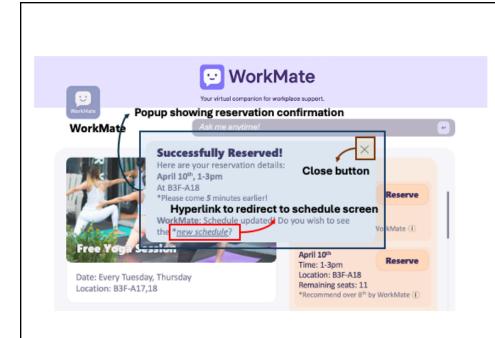

Screen 4: Information Page

This screen appears after clicking the information button to expand details provided by WorkMate regarding this session.

The page includes a banner, logo, slider, input bar, and 2 panels.

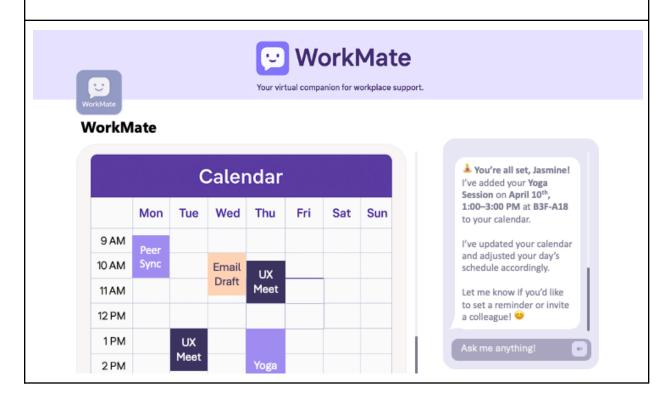

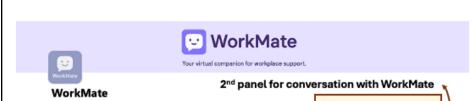

Screen 5: Reservation Confirmation Page

This screen shows a popup that appears after successfully making a reservation.

The page includes a banner, logo, slider, input bar, and 2 panels

Vou're all set, Jasmine!
I've added your Yoga
Session on Aprill 10th,
1:00—3:00 PM at B3F-A18
to your calendar.
I've updated your calendar and adjusted your day's schedule accordingly.
Let me know if you'd like to set a reminder or invite a colleague!

Screen 6: Schedule Page

This screen appears after clicking the planner widget from the homescreen or clicking the hyperlink from the reservation confirmation popup. It shows a calendar with all scheduled work and a panel for conversing with WorkMate.

The page includes a banner, logo, slider, input bar, and 2 panels. One panel features a calendar, and the other enables conversation with WorkMate.

1st panel for calendar, presented in timeboxes
